

Anton Cherednichenko

Hands-on CTO with business vision and multidisciplinary experience

anton@anton.eco | +33 6 49 77 36 91

Versailles, France

Citizenship: French

Experienced leader in technology and business, with a strong background in bridging strategy, engineering, scaling operations, and driving innovation. I've led cross-functional teams to deliver scalable, AI-driven products aligned with business goals in fast-paced environments.

Combining an Executive MBA with hands-on expertise in system architecture, regulatory compliance, and AI-driven innovation, I have consistently driven product excellence and business impact. Fluent in multiple languages, I thrive in multicultural teams and excel at turning complex challenges into actionable, growth-focused strategies.

WORK EXPERIENCE

CTO, Co-founder

Feb 2025 - Present

LegalCheck (femida.app) | Paris, France

- Created the technology roadmap for LegalCheck, a mobile/web automated AI assistant for legal teams with advanced analysis and RAG features
- Defined and implemented the product's vision, architecture, and delivery plan
- Introduced CI/CD pipelines to enable efficient iteration and future feature expansion
- **Tech stack:** Python (FastAPI), Typescript (React Native + Expo), Tailwind, Postgres, Redis, Docker, GitHub Actions, VPS

Founder

Nov 2024 - Present

Friends Tonight | Paris, France

- Created the technology roadmap for Friends Tonight, a custom meetup app for international communities
- Established the product's vision, architecture, and delivery plan
- **Tech stack:** Typescript (Express.js), Dart (Flutter), Postgres, Redis, Docker, VPS

Founder

May 2024 - Present

Calendize (calendize.it) | Paris, France

- Created the technology roadmap of the micro-SaaS project to streamline scheduling workflows
- Established the product's vision, architecture, and delivery plan

- Created CI/CD pipelines to enable efficient iteration and future feature expansion
- Built a foundation for long-term scalability while ensuring seamless collaboration with early adopters
- **Tech stack:** PHP (Laravel + Inertia), Typescript (Vue.js), Tailwind, Postgres, Redis, Docker, GitHub Actions, VPS

CTO, Co-founder

Mar 2023 - May 2024

ImpactMaker (impactmaker.ai) | Paris, France

- Organized the architecture design process for a real-time OpenAI-powered chatbot
- Built and managed a small high-performing development team, establishing workflows and processes to deliver the MVP on schedule
- Translated business needs into technical solutions, overseeing the full-stack development and delivering a product that enhanced user engagement and company impact
- **Tech stack:** PHP (Laravel), Typescript (Vue.js), Tailwind, MariaDB, Redis, GitLab CI/CD, VPS

CTO, Co-founder

Nov 2019 - May 2024

GlobeDreamers (globedreamers.com) | Paris, France

- Scaled the company over five years, increasing total funds raised by 1,700% from €72,000 to €1,300,000. Grew the platform's user base by 350%, from 4,000 to over 14,000 active users. Expanded the technical team from 2 to 18 members
- Implemented Agile and Shape Up methodologies, optimizing workflows and delivering key features faster, resulting in increased platform adoption and engagement
- Integrated AI-driven features, transforming platform capabilities and attracting new corporate partners, growing the total number of partnerships from 90 to over 800
- Modernized the tech stack with extensive codebase refactoring, API optimization, and CI/CD implementation, reducing operational costs while improving scalability and system performance
- **Tech stack:** PHP (Laravel), Typescript (Vue.js), Livewire, Tailwind, MariaDB, Redis, GitLab CI/CD, VPS

Director Of International Development

Oct 2017 - Jan 2019

Russia World Expo 2025 Bid Committee | Paris, France

- Led the international strategy for Russia's bid for Expo 2025, managing a team of 12 in Paris. Directed global outreach and partnership negotiations with representatives from over 170 countries
- Designed and executed a comprehensive development strategy while managing a €20M budget and ensuring its alignment with the KPIs
